

Amendments to the Specification:

Please replace the paragraph beginning on page 7, line 13 with the following amended paragraph:

A stamp 280 comprising a desired pattern on a surface 231 is provided. The pattern is ~~define~~ defined by protrusions 285 on surface 231. The stamp is made of a hard material such as steel, silicon, or ceramic. Other materials that are sufficiently hard can also be used to form the stamp.
